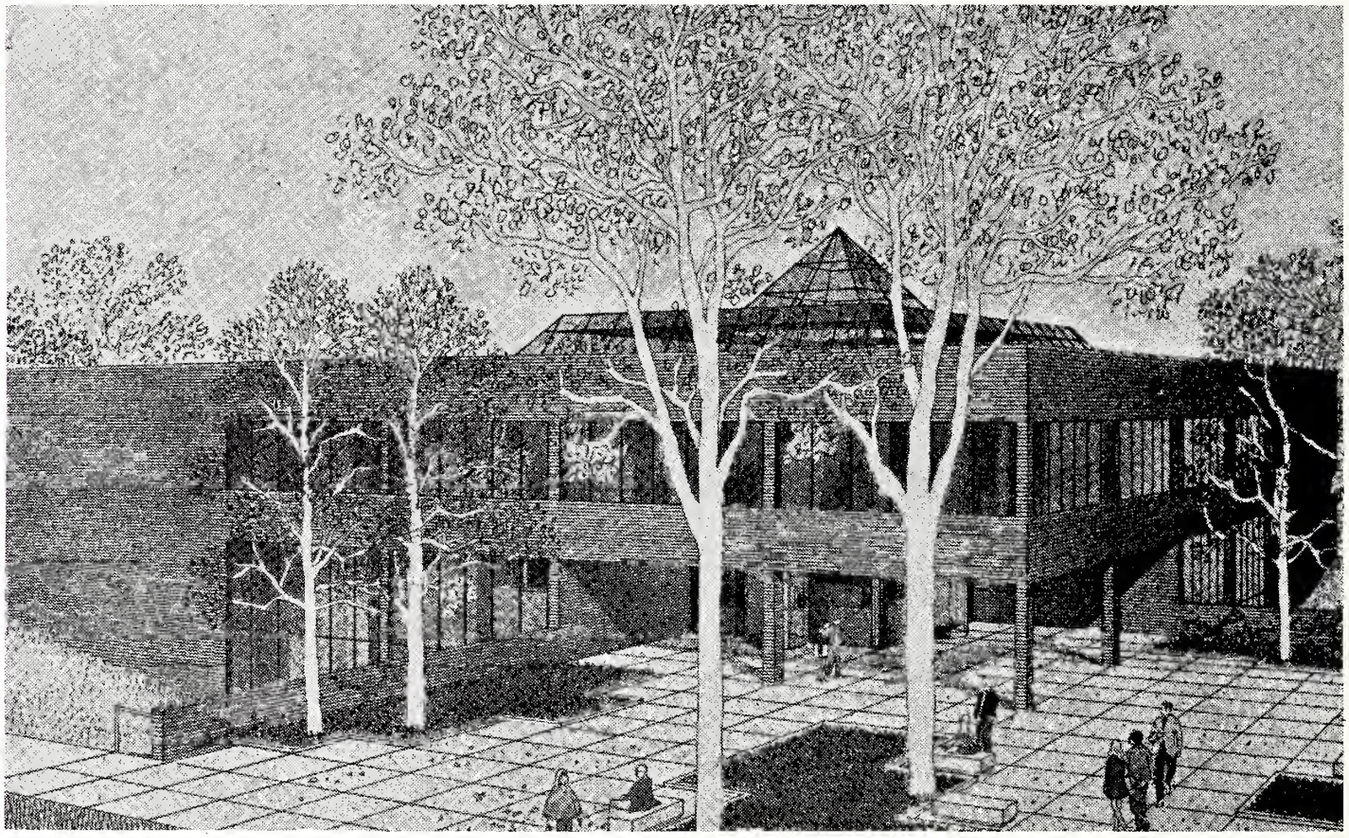
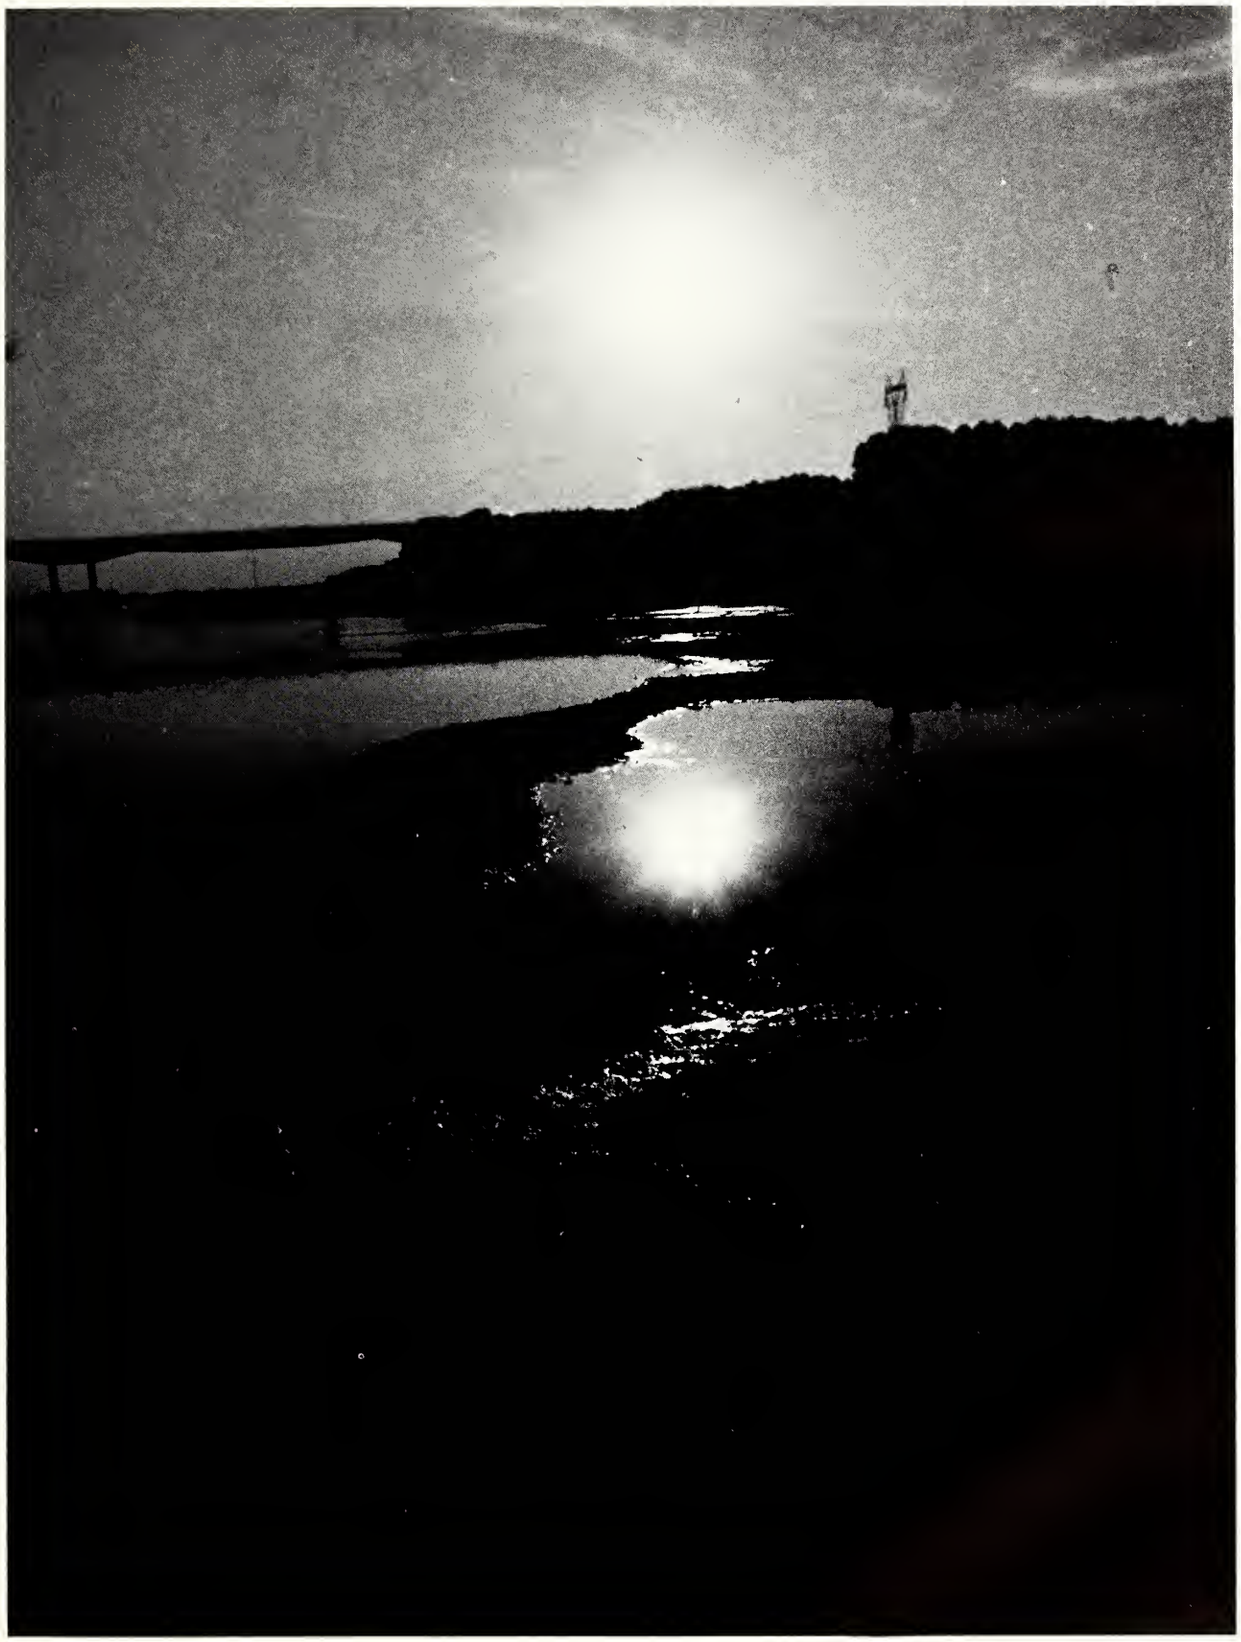
Growth of a University



UNI COMMUTER CENTER

To start again, to begin afresh
(Take that first step)
Is always difficult.
And yet we know at the end of every journey
There lies another path . .

. . . leading us away from the familiar
to the strange horizons of the unknown . . .



But as a captain guides his ship
We guide the paths of our lives, choosing freely

And as freedom breathes through wisdom,
We must be aware that many ships are tossed and
broken by strong winds . . .
Often to leave us only the isolation and despair of old age . . .

But remember, life is what one makes it.
So bathe yourself in the joys of childhood,
recreate that mood of loving trust,
Feel once again the unsuspecting innocence,
And recall most of all your friends and the good times . .

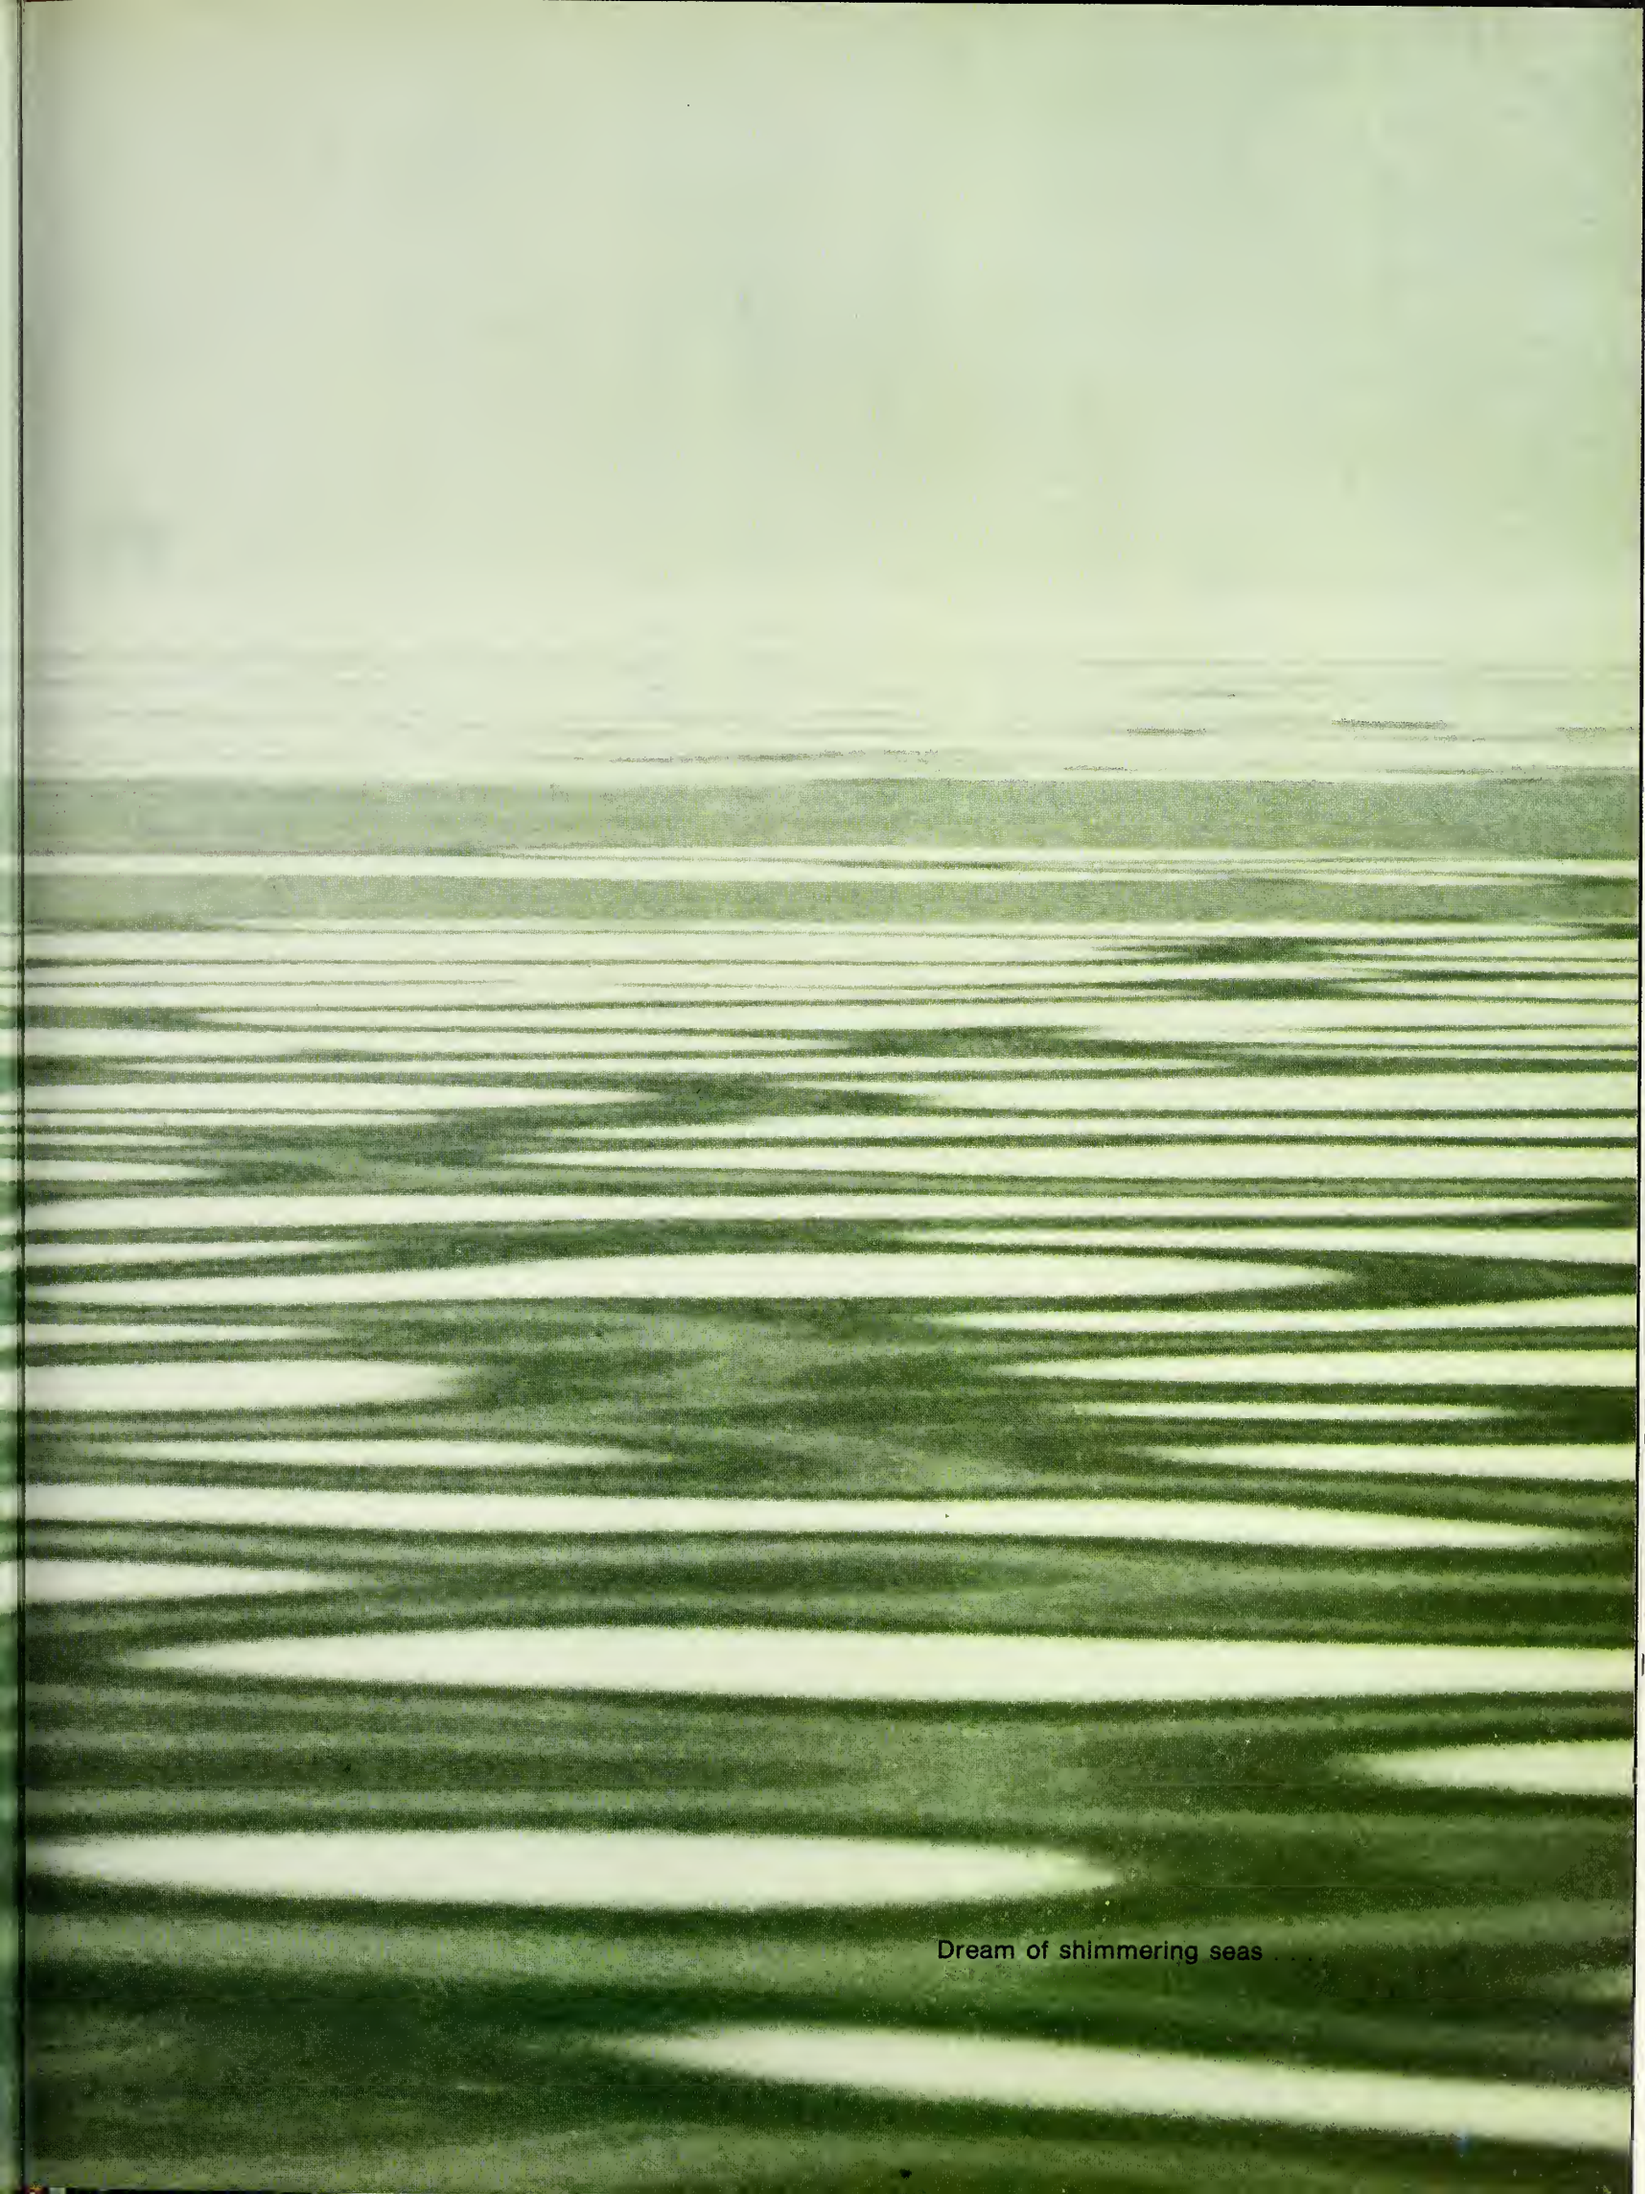
So now close your eyes

And start off on another journey,

Bring with you the imagination of youth,
the insight of age,
And dream . . .

Dream . . .
Whatever those dreams may be,
Reach for the heights . . . .



Dream of shimmering seas . . .

And golden sunsets over soft and flowing waters . . .

And journeys too perfect to be real . . .

Feel the peace that comes in knowing that dreams can exist
in our world.
All we need do is reach out,
Keep always to the search,
For we know that we will find that ray of sunshine
at the end of the long path we trod . . .

For remember it is we
who peek out of the darkness and
radiate into a million lives.

We are the lights that reflect
the wisdom of a new age,
The love in a child's smile,
and the dreams of a
starry-eyed sailor.

We are they who hold the key
and lead the search,
To unlock every door,
explore every pathway,
And open every heart.

RELICS

Let our relics be reminders

We'll be growing strong and free as they do.

From the old toward the new

And always for the better.

Each generation brightens the future

And each generation leaves relics anew.

Beautiful and sacred.

CHEERLEADERS

U.N.I.'s Cheerleading Squad, under the sponsorship of Miss Johnson, has been leading both basketball and football fans in a variety of chants and cheers since it was first organized in 1966. Enthusiasm and strenuous practice sessions are indispensable to the cheerleader whose goals are never-ending smiles and encouragement for total participation of everyone in an "esprit de corps" during the games. The cheerleaders were chosen for their ability to fulfill these qualifications. "Energetic" is their key word and these girls have put that extra bit of vitality into each game.

7000 Yr. Old Corpse Revives on Campus

The box, 6 feet long by 2 feet wide weighing about 300 lbs. was found to contain a living, breathing man. Wearing only animal skins and with white hair down to his shoulders — he climbed out of the opened coffin and immediately began jogging around the dirt floor of the commuter center — to be. This validates the theories of many social scientists that streaking is a very old sport.

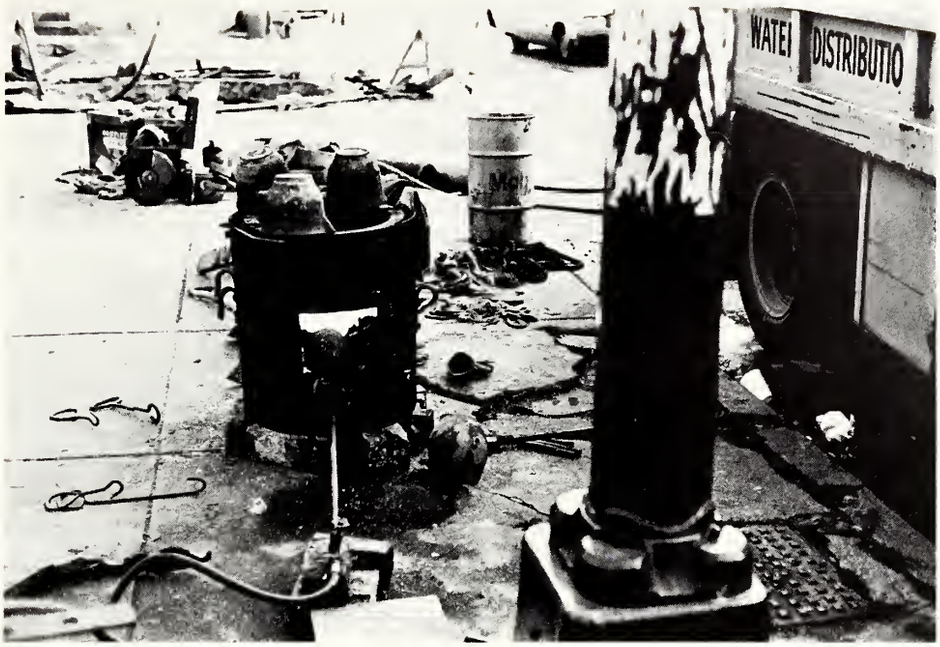
On the one hand there's pollution . . .
From railroad cars to missile factories
But old forms . . .



WATEI DISTRIBUTIO

And new and better forms . . .

of limitless atomic energy
Properly channeled
Have led to remarkable modern wonders.

It would seem the more you know, the more you know there is to know and also the more there is to be known.
Because the more we learn and improve our life the greater is its wonder.
